TURBOCHARGED TO GO BEYOND

Putting together years of engineering knowledge and racing innovations into one performance machine, Honda keeps pushing the possibilities of what a sedan can be with the Civic RS Turbo CVT. Now, with the latest evolution of the legendary VTEC engine at its very core, feel the difference in control and power whenever you take the wheel.

From the Civic SiR of the 90s to the Civic RS Turbo CVT of today, Honda has always been relentless in reinventing power so you can keep going further.

Challenge the ordinary. Conquer what lies ahead.

TURBO

**RS DESIGN HIGH GLOSS
BLACK FRONT GRILLE**

This subdued design accent emphasizes the racing-inspired aesthetic of the RS variant. Black is bold.

18" RS DESIGN ALLOY WHEELS

Polished two-tone alloy wheels exude a bold and edgy racing-inspired look.

LED FOG LIGHTS

With superior luminosity, drive with confidence under any weather condition.

RS TURBO CVT

DOMINATE THE STREETS

The exhilaration begins from the moment you set your eyes on the Honda Civic. Its coupe-like silhouette, low and wide stance, and 18" RS Design Alloy Wheels electrify and excite to make you want to drive away.

The active and sophisticated character of the Honda Sport DNA inspires the RS Turbo's aerodynamic design.

RS DESIGN TRUNK SPOILER

Sculpted to make a statement even from the rear, the RS design trunk spoiler completes the Civic's overall sporty styling.

SPORT PEDALS

Alloy pedals enhance the Civic's sporty feel, both in looks and performance.

LEATHER STEERING WHEEL WITH RED STITCHING

Premium in every detail, the leather steering wheel is finished with red stitching accents for an undeniably sporty design.

THE PEAK OF TRUE PERFORMANCE

The heart and soul of the Honda Civic RS Turbo is its VTEC turbocharged engine mated to a responsive Continuously Variable Transmission (CVT) with paddle shifters.

Smaller displacement now means more power, thanks to the sophisticated turbocharger. Higher cruising efficiency and robust performance are now the name of the game. Combined with the latest iteration of VTEC technology, there is no doubt to the sporting intention of this high-performance yet environment-friendly engine.
