Mercedes-Benz
The best or nothing.

by Mercedes-Benz

The new S-Class

Photo may vary from actual unit.

Cares for what matters.

The S-Class once more holds its own as an icon of the luxury segment and a trendsetter. As an ambassador of a new design philosophy from Mercedes-Benz, it perfects the design vocabulary of Sensual Purity - and redefines it as modern luxury. In doing so, it not only captivates the excitement of our customers, but also influences the trend of individual mobility in the luxury segment.

Other Features:

Front Energizing Package (PBS)

Comfort for all the senses: this package combines a wealth of premium items of equipment with innovative intelligence. Your Mercedes is able to invigorate and indulge you in targeted ways - for prolonged alertness at the wheel and an extremely pleasant drive. With varied range of comfort programs and attractive extras such as the multicontour seats.

- Multicontour seats for driver and front passenger
- Climate-controlled seats for driver and front passenger
- Warmth Comfort Package
- AIR Balance Package for fragrancing, ionizing and purifying the air, active with varying intensity in all ENERGIZING programs

OLED Central Display (868)

The 12.8-inch OLED central display transforms your cockpit into a high-tech command center featuring outstanding dimensions and a useful operating area. The excellent color brilliance additionally enhances the interior design. The haptic feedback improves and facilities intuitive input while driving.

- OLED central display with 12.8-inch screen diagonal and resolution of 1920x1728 pixels
- Touchscreen with haptic feedback, additional control via the MBUX voice assistant, right-hand touch switch panel or MBUX Interior Assist
- Integral, permanently displayed THERMOTRONIC automatic climate control
- MBUX Augmented Reality Navigation (U19)

Driving Assistance Package (P20)

Bringing you to your destination reliably, safely and relaxed: thanks to modern, intelligently networked sensor systems you enjoy the various advantages of partially automated driving. Numerous driver assistance systems support you as the situation requires, warning you if there is a risk collision and intervening if necessary - for the benefit of all road users.

- Active Distance Assist DISTRONIC (233)
- Active Stop-and-Go Assist
- Active Steering Assist with hands-off warning
- Active Brake Assist with vehicle, bike and pedestrian detection
- Evasive Steering Assist with bike, pedestrian and end of traffic jam detection
- Active Lane Keeping Assist (243)
- Active Blind Spot Assist (237)
- PRE-SAFE® systems

Exclusive Package (P34)

Enjoy a fantastic atmosphere with the Exclusive Package. Virtually all surfaces are finished in exquisite nappa leather, the roof liner in high-quality DINAMICA microfibre. This exceptional high-class appeal is perfectly supplemented by additional trim elements.

- Additionally finished in nappa leather:
 - Dashboard including glove compartment housing
 - Front center console
 - Front and rear door trim
 - Rear center armrest
 - Grab handles
- Roof liner and sun blinds in DINAMIC microfibre
- Exclusive Trim Package (735)
- Door entry sills with illuminated “Mercedes-Benz” lettering (U25), illuminated in the front and rear in long-wheelbase S-Class
- Boot loading sill in stainless steel, chrome handle in the boot floor (B05)
- Floor mats with edging in a contrasting color (U04) or AMG floor mats (U26) in conj. with AMG Line (950)

Parking Package with 360-degree camera (P47)

Exclusive parking service with all-round view: the Active Parking Assist with PARKTRONIC and 360° camera detects free parking spaces as you drive past. After selecting a parking space you can enter it effortlessly thanks to dynamic visualization and acoustic feedback – or have the vehicle enter the parking space with assistance.

- 12 ultrasonic sensors: six each in the front and rear bumpers
- 360° camera
- Active Parking Assist with PARKTRONIC
- Warning about cross traffic: if crossing traffic is detected when reversing out of a parking space, Rear Cross Traffic Alert can emit a visual and audible warning and, if necessary, initiate emergency braking automatically (only in conj. with Active Blind Spot Assist or Blind Spot Assist)
- Maneuver braking: can initiate a braking procedure if static or moving road users are detected around the vehicle
- Drive Away Assist: can briefly restrict the vehicle speed when an obstacle is detected in the direction of travel less than approx. 1 meter away when changing gear with the vehicle at standstill.

DIGITAL LIGHT (318)

With DIGITAL LIGHT you can experience ideal lighting conditions - optimally adjusted to other road users and the surrounding conditions.

- HD system with projection module (more than 1 million pixels per headlamp) and MULTIBEAM LED background module (84 high-performance LEDs per headlamp)
- With data from the camera, sensors and navigation system, the brightness value of each individual pixel is calculated virtually in real time
- Adaptive Highbeam Assist Plus (anti-dazzle continuous beam)
- ULTRA RANGE Highbeam with 650m range (legally permitted maximum headlamp range)
- Topographical compensation
- Cornering light with roundabout and junction functions
- Active light function with anticipatory control
- Enhanced fog lights function, city light, country road mode, motorway mode, motorway main beam and adverse weather light
- Adaptive full-LED tail lights with multi-level functionality and sequential indicator lamps

MBUX augmented reality for navigation (U19)

- To enable you to find your way in complex traffic situations, MBUX Augmented Reality Navigation connects the virtual world with the real world. The technology incorporates graphical navigation instructions and traffic information into live images. So you reach your destination quickly, safely and stress-free.

Refrigerated Compartment (308)

Cooled drinks and food always to hand. The removable refrigerated compartment is harmoniously housed in the rear armrest, and holds 10 liters. You can therefore enjoy refreshing cold drinks even when outside temperatures are high.

- Illuminated switch panel to switch on and off, and for temperature selection (approx. +1°C and +7°C possible)
- Interior lighting

Rear Airbag (302)

Innovative air cushions make your rear passenger compartment even safer. The rear are integrated into the backrests of the front seats and deploy in a severe front impact. They deploy gently and protect strapped-in outer rear seat passengers against contact with the front seats. The loads on the head and neck can thus be reduced significantly.

- One airbag each in the front seat backrest, deploy in the event of a severe front impact
- Innovative deployment and inflation concept – outer tube structures inflated by compressed gas and an airbag in between filled with compressed ambient air
- Stabilizes strapped-in outer rear seat passengers and can protect them against a possible impact with the front seats, loads on the head and neck can be reduced significantly
- Gentle deployment of airbag and this reduced risk of injury.

**Some features are country-specific and are subject to change without prior notice.*

MBUX Rear Tablet (447)

Lean back comfortably and yet retain control with the MBUX rear tablet. Like with a remote control, you can access the MBUX multimedia system for example and control comfort equipment. With the full-fledged 7-inch tablet you can also use the internet or Android apps.

- WiFi-enabled tablet with
 - 7-inch (17.8 cm) high-resolution display (1280x800 pixels)
 - Headphone connection via Bluetooth or 3.5mm audio jack
 - Docking station with charging function in the center armrest
- MBUX remote control of the central display
- Direct access to standard and optionally available equipment:
 - MBUX multimedia system with TV, radio and media
 - Telephony
 - Display of the distance to the set destination including the arrival time
 - Rear compartment air conditioning system, in conj. with THERMOTRONIC automatic climate control in the rear (582) or seat climate control in the rear (402)
 - Seat massage, in conj. with Rear Seat Comfort Package (P43)
- Ambient lighting
 - Change from MBUX to Android mode with:
 - Web browser
 - Android apps
- Mirroring of the rear displays incl. depiction of navigation, in conj. with MBUX High-End Rear Seat Entertainment System (854)

Executive Seat (453)

An automotive benchmark for peace and quiet, sleeping comfort and absolute relaxation on long journeys. The continuous, comfortable reclining surface of the executive seat, together with the electrically extending leg rest, ensures a pleasant position for sleeping. Control the seat backrest at the press of a button and enjoy an almost flat surface to lie on.

- Executive seat with backrest adjustment by up to 43.5 degrees
- Leg rest with support that can be adjusted up to 50°
- Additional bolster for the leg rest
- Cushionbag in the outer seat cushions
- PRE-SAFE® positioning function

Panoramic Sliding Sunroof (413)

Whether open or closed, with the panoramic sunroof you experience a wonderful feeling of freedom and enjoy a pleasantly bright ambience in the interior. When viewed from the outside, the large sliding sunroof likewise makes a unique visual impression, as it lends lightness and exclusivity to the interior. Innovative: control via touch slider.

- Two extensive glass modules made of heat-insulating, tinted safety glass
 - Front glass module can be controlled via touch slider in the overhead control panel
 - Tilt position with vehicle speed-based opening adjustment
 - Wind deflector in the front section
- Two-piece, sunblind electric roller
 - Can be controlled via touch slider in the overhead control panel and MBUX Voice Assistant plus additionally via switch in the door control panel of the rear seats for the rear part of the roller sunblind
 - Return feed function for the front roller sunblind when the glass roof is fully open
- Comprehensive safety concept:
 - Obstruction sensor
 - Automatic rain closing function
 - PRE-SAFE® closing function
 - Automatic tilt position when parking, in conj. with URBAN GUARD vehicle protection (P54)
- “Summer opening” and “Convenience closing” functions via vehicle key

Head-up Display (438)

Ideal perspectives for sporty driving pleasure and a superior driving experience: the head-up display transforms your windscreen into an exciting digital cockpit. This means you always have a direct view of key information. Your full attention remains on the road and the traffic conditions in front of you.

- A lens and mirror system projects a virtual image into the driver’s field of vision
- Presentation of information in full color, making it clearly legible even on sunny days and at night
- Depending on the equipment level, display of eg. navigation instructions, speed, speed limits or settings for cruise control or Active Distance Assist DISTRONIC

Burmester® 3D Surround Sound System (810)

Experience greater audio performance with exquisite Burmester® sound. The high-quality speakers achieve impressive surround sound. You can specifically optimize this for the front and rear seats to intensify the listening experience. The unmistakable Burmester® speaker covers also enhance the interior visually.

- 15 high-performance speakers turned to match the vehicle interior and each with its own amplifier channel
- DSP amplifier with a total output of 710 watts (2 x 120 watts, 7 x 50 watts, 6 x 20 watts)
- 2 broadband speakers in the front area for 3D sound
- Frontbass technology with subwoofers integrated into the body shell
- Sound optimization for the front, rear or all seats
- 2 sound presets: Pure plus 3D-Sound for generating virtual surround sound, including multi-channel format support for true surround sound
- Equalizer function for setting the bass, midrange and treble frequencies
- Noise compensation (VNC)

MBUX High-End Rear Seat Entertainment System (854)

Enjoy first-class entertainment via two fully integrated high-resolution 11.6-inch displays. Even in the rear, this gives you the full MBUX experience with direct access to vehicle functions.

- MBUX High-End Rear Seat Entertainment System with two permanently integrated high-resolution 11.6-inch touchscreens including full-HD camera and microphone
 - Multi-touch operation
 - Sound output is from the vehicle speakers or headphones
 - Connections for Mini-HDMI, headphones (3.5mm), Bluetooth
- Even when on the move, direct access to:
- Direct access to standard and optionally available equipment:
 - Telephony
 - Trip information: Navigation display
- Automatic adjustment of display angle when adjusting the seat, in conj. with Executive Seat (453)
- Reproduction of the display content incl. remote control on the optional MBUX Rear Tablet (447)

AIRMATIC (489)

AIRMATIC combines the advantages of several suspensions in one - choose between comfort and dynamism. The set-up range is particularly impressive. The air suspension provides outstanding ride comfort even on difficult roads, or a powerfully sporty performance. A practical feature: automatic level control depending on load.

- Air suspension struts at the front and rear axle
- Automatic level control system, dependent on load: load detection for a constant suspension level
- Suspension level can be raised for rough roads and is automatically lowered at high speeds

Active Ambient Lighting (878)

With the active ambient lighting you are experiencing a technological leap. It links aesthetics with innovative driver information and extended functions. Wraparound light strips and trim elements reported to form an additional lighting level. This also support driving assistance systems visually, this emphasizing the intelligence of your vehicle.

- Ambient lighting in 64 static colors, all colors can be selected individually
- High-quality black-panel light strip with a total of approx. 250 integrated and individually actuable LEDs
- Various color moods, also with static or multicolour animated color sequences
- Driving assistance systems are also included and are supported visually
 - Active Blind Spot Assist
 - Active Lane Keeping Assist
 - Active Brake Assist
- Emotively appealing animations: welcome display or feedback in color when adjusting the air conditioning or interaction with the voice control
- Incorporation of active ambient lighting into the programs of the ENERGIZING comfort control (only in conj. with ENERGIZING packages)
- Variable setting of the brightness for automatic day and night switchover

AMG Line (950)

With the AMG Line you are making a clear statement in favor of dynamism, both inside and out. The AMG front apron in an A-wing design underscores the expressive character of your vehicle. In addition, the multifunction sports steering wheel in nappa leather with flattened bottom section, the AMG pedal assembly and the AMG floor mats add sporty highlights to your interior.
